▽ Shared Responsibilities ▽

School

Our responsibility is to provide a safe, drug-free environment that provides for optimum learning. It is also our responsibility to keep parents informed of their child's progress and to employ staff who understand the needs of at-risk students and who will work diligently to address those needs.

Parents

It is the parents' responsibility to help their child understand that it is a privilege to come to Compadre and that they will support their child and the school. In addition, parents need to support the teacher's efforts by attending meetings, returning phone calls, and reporting absences and any relevant concerns.

▽ Transportation Policy ▽

Our school is included within the Tempe Union High School District's transportation policy. No transportation is provided within two square miles of the school. Transportation will be provided to all students who live beyond a two-mile radius of Compadre High School. Transportation may be provided within the two-mile radius if special transportation is required due to a physical disability.

Information provided on this page is based on historical data, primarily from the previous school year, 2000-01.

2000-01 School Achievements/Accomplishments

- W Students who were credit deficient and had no hope of graduating from high school have graduated.
- W Many students who disliked school and couldn't wait to graduate are planning on furthering their education and will be attending local community colleges.
- W Students who are no longer credit deficient have returned to their home school and have been successful.

Student Information: 2000-01 Student Activity Rates

	School	Arizona		
		K-6	7-8	9-12
Attendance Rate	83.9 %	94.8 %	93.5 %	94.2 %
Transfers Out ³	19.2 %	16.2 %	16.0 %	20.6 %
Transfers In ⁴ : Within District	75.7 %	3.4 %	2.8 %	3.0 %
Transfers In ⁴ : Out-of-District	1.0 %	6.3 %	5.9 %	7.9 %

Retention Rate ⁶	23.3 %	1.3 %	1.9 %	5.4 %
Dropout Rate ⁷	33.6 %			11.1 %
Status Unknown ⁸	2.2 %			6.7 %

Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.

³ Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 2000-01 school year.

⁴ Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 2000-01 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 2000-01 school year.

⁵ Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 2000-01 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.

⁶ Retention Rate: Percentage of students retained at the end of the 2000-01 school year.

⁷ Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 1999-2000 school year, to include activity during the summer of 2000. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 2000-2001 is not yet available.

⁸ Status Unknown: Percentage of students unaccounted for by any method during the 2000-01 school year. Status unknown students are not necessarily dropouts.

▼ Academic Achievement Indicators ▼

Arizona's Instrument to Measure Standards (AIMS) is designed to measure student achievement of the Arizona Academic Standards. Effective with the high school Class of 2006 (eighth graders in 2001-02), students must "Meet the Standard" or "Exceed the Standard" on all portions of AIMS or pass an AIMS Equivalent Demonstration (subject to approval by the state Board of Education) in order to be eligible for a high school diploma. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing and mathematics will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5, and 8 also take AIMS.

AIMS Results ¹, 2000-01

Grade 10 (Class of 2003) ²		Number Tested ³	MS	FFB	A	M	E	C
Reading	School	15	499	13%	20%	66%	0%	NA
	State	49321	519	10%	22%	53%	15%	NA
Writing	School	15	457	27%	67%	7%	0%	47%
	State	51109	480	16%	49%	34%	1%	68%
Mathematics	School	17	431	82%	6%	12%	0%	NA
	State	47215	479	50%	19%	21%	10%	NA

¹Results reflect student performance on the English form of AIMS.

²Class of 2003 is the cohort of students who began 9th grade during the 1999-2000 school year.

³**Items of data containing information about fewer than ten students have been replaced with (**) to protect student privacy.

--Some columns contain dashes (--) to indicate "not applicable" or "no data available."

Legend

- MS - The Mean Scale Score (average) on a 200-800 scale. A student must have achieved a scale score of 500 to meet the standard. Scale scores are not comparable among content areas.
- FFB - Percent of students who Fell Far Below the standard
- A - Percent of students who Approached the standard
- M - Percent of students who Met the standard
- E - Percent of students who Exceeded the standard
- C - Percent of students who completed AIMS requirement. There are two ways to meet the AIMS requirements for high school writing: (1) the student scores at either the "Meets the Standard" or the "Exceeds the Standard" performance level; (2) the student scores at the "Approach the Standard" performance level and obtains an average trait score of at least 4. Students who complete the requirements do not need to retest. This percentage includes students who meet the requirements either way.

▼ Mathematics Education and AIMS ▼

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2001-02 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS.**

▽ Academic Achievement Indicators ▽

In 1997 and 1998, students in grades 3 through 12 were tested in reading, language and mathematics using the standardized, nationally norm-referenced *Stanford Achievement Test, Ninth Edition* (Stanford 9). In 1999 and 2000, students were tested in grades 2 through 11. **Students were tested in reading in grade 1 and reading, language arts and mathematics in grades 2 through 9 in 2001.** The percentage of eligible students tested (%) and the school's percentile rank score are presented below. State percentile rank scores (AZ) are provided for comparison. Also, note that the percentile rank scores for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with (**) to protect student privacy. Some columns contain dashes (--) to indicate "not applicable" or "no data available."

▼ Measure of Academic Progress ▼

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the *Stanford Achievement Test, Ninth Edition* (Stanford 9), given in 2000 and 2001. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2001. A student achieves One Year's Growth (OYG) if he or she remains in the same Stanine⁹ or advances a Stanine from one year to the next. The percentage of students achieving OYG at the school is reported below.

⁹ Stanines are normalized standard scores that range from a low of 1 to a high of 9, with 5 designating average performance. National Stanines, like National Percentile Ranks, indicate a student's relative standing in the national norm group (Source: Harcourt Educational Measurement).

The MAP is an elementary school (Grades 2-8) indicator only; therefore, no data to report.

▼ School Safety ▼

The purpose of this section is to provide parents information about what the school is doing to promote a safe and orderly environment for learning. The *2001 Comprehensive Health and Prevention Program Survey Annual Report* provides additional information on Health and Prevention Programs, School Safety and Security Measures, Policy Violations and Expulsions at www.ade.az.gov/ResearchPolicy/chapps/.

School-level Efforts to Ensure a Safe and Orderly Environment for Learning

Our school enforces the following: No backpacks. No gang colors, baggy pants, hairnets, or hats. Closed campus. Students and staff must have a school ID. Teachers are required to be outside at break to supervise students. Security is constantly patrolling the campus. All visitors must sign-in/-out and wear proper ID.

Total number of incidents that occurred on the school grounds that required the intervention of local, state or federal law enforcement (A.R.S. § 15-746.6).

0

School uniforms are not required at this school.

The Arizona Attorney General's Office has a hotline that allows students to report suspicious activities at schools and to get help with potentially violent situations, such as bullying, harassment, hate crimes, discrimination and gangs. The toll-free number, **1-877-900-1086**, is anonymous and available 24 hours a day.

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at www.ade.az.gov/srcs/ on the Internet.
